Amendment of 73.202 (b)) MB Docket No. _____
Table of Allotments)
FM Broadcast Stations)
(Savanna, OK))

To: Office of the Secretary
Attn: Audio Division, Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 275A at Savanna, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 275A to Savanna, Oklahoma as that community's first local FM service. Savanna is an incorporated community with a population of 730 people.¹ Savanna has its own mayor, its own schools, volunteer fire department, city offices, post office and a number of local churches. Savanna is a

¹ U.S. Census 2000

community that is certainly deserving of local FM service. The proposed channel 275A will provide additional diversity and an outlet for local self-expression to Savanna residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 275A can be allocated to Savanna, Oklahoma, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment A) Please note that a prior filed petition to add channel 275C3 at Tupelo, Oklahoma was dismissed per FCC letter on March 10, 2005. (See, Attachment B).

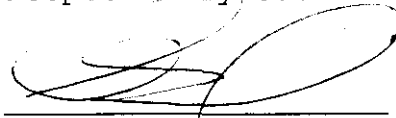

Reference coordinates for Channel 275A at Savanna, Oklahoma are:

34 46 00 N
95 50 00 W

Should this petition be granted and Channel 275A is allotted to Savanna, Oklahoma, Petitioner will apply for Channel 275A at Savanna and after it is authorized, will promptly construct the new facility.

The factual information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
4553 Bordeaux Ave.

In re: RM-11029

Dear Mr. Crawford:

This letter is in reference to a petition for rule making you filed proposing the allotment of Channel 275C3 to Tupelo, Oklahoma, as its first local aural transmission service. In order to accommodate this allotment, you requested the reclassification of Station KJYO, Channel 274C, Oklahoma City, Oklahoma, to specify operation on Channel 274C0.

In accordance to the *Second Report and Order* in MM Docket No. 98-93¹, and as set forth in Section 1.420(g), note 2, and Section 73.3574, note 4 of the Commission's rules, Station KJYO is subject to reclassification as a Class C0 facility because it is operating below minimum Class C standards. As a result, an *Order to Show Cause* ("*Order*")² was issued on August 12, 2004 pursuant to the reclassification procedures set forth in Section 73.3573, note 4 of the Commission's Rules, which afforded the licensee an opportunity to show why its respective license should not be modified to a Class C0 facility. Clear Channel Broadcasting Licenses, Inc. ("Clear Channel"), licensee of Station KJYO filed comments in response to the *Order* stating its intention to file a minor change construction permit application to increase its antenna height above 451 meters HAAT. Clear Channel filed an acceptable construction permit application on November 4, 2004 to increase its antenna height above 451 meters HAAT³. Therefore, pursuant to Section 1.420(g), note 2 of the Commission's Rules, your petition proposing the allotment of Channel 275C3 to Tupelo, Oklahoma is hereby dismissed.

As noted in the *Order*, the present three-year construction period will be applicable under this reclassification procedure. If the construction is not completed as authorized, Station KJYO is subject to reclassification automatically as a Class C0 station, and, in that event, a new petition for rule making to allot Channel 275C3 at Tupelo may be filed.
